

Open Event - Technology Centre.

Wednesday 16th January 2019, 5pm-8pm

As Principal of this dynamic and thriving College, I'd like to introduce you to the exceptional opportunities we offer all our students. Our very broad range of courses and programmes means that you can choose the area of study or an Apprenticeship that best suits your needs, abilities and interests.

John Laramy,
Principal

How we support our students to achieve their potential

- All students aged 16-18 will have a **personal tutor** or **skills officer** for apprentices who will support them during their time at college.
- Students have a **tutorial programme** that gives them opportunities to develop their knowledge, skills and understanding of a range of important issues.
- We offer **financial support** in the form of a **bursary scheme** for students that need it. We also offer a **travel scheme** that provides subsidised travel for those living further than three miles away from the college.
- Our **Welfare and Wellbeing team** includes counsellors, nurses and welfare advisers to support any student that requires their services.
- Students have the opportunity to develop employability skills and focus on career progression by accessing our **Progression and Employability Team**.
- Our **Learning Support Team** are dedicated to providing additional support to learners.

Ofsted Outstanding
all areas

**College of the Year
2018** (Nationally
recognised) - for the
second year in a row

**2018 - Best
academic results
ever, again!**

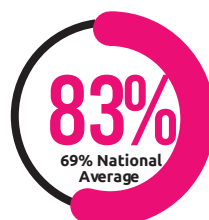

Kick-start Your Future - Think Apprenticeship

Visit the Apprenticeship Hub, Hele Building

Apprenticeships are an exciting alternative to full time study and offer an opportunity to gain work experience, develop industry specific skills and get qualified – all whilst getting paid.

For advice about finding an Apprenticeship speak to our team on **01392 400800** or visit exe-coll.ac.uk/apprenticeships

Things to do this evening

We know that there's a lot to do during an open event and you may not have time to see and do everything you want to. So we've made a list of things we'd recommend:

- ✓ Pick Up a Course Guide
- ✓ Talk to teaching staff
- ✓ Go to a Principal's Talk
- ✓ Speak about Travel and Financial Support (if required)
- ✓ Apply online when you get home.

Technology Centre - Activities and Locations
